

KINGSTON COMMUNITY SCHOOL

Country style education with city style opportunities

Education Regulation 189a provides the right for School Governing Councils to determine the School Dress Code Policy. The following policy was developed by the Uniform Committee after consultation with the school community and passed at the School Governing Council meeting on 25th October 2010.

We believe that a School Dress Code:

- contributes to a sense of unity and pride in our school
- contributes to the development of a supportive school environment by reducing the levels of competitive dressing
- increases the safety of students both in the school and on excursions
- increases the profile of the school in the wider community
- is cost effective with a choice of affordable clothing

CONSEQUENCES FOR NON-COMPLIANCE

The Department for Education and Child Development makes it clear that non-compliance is not serious enough to deny access to learning. Consequently, suspension is not permitted. However, schools are allowed to implement a range of other measures to encourage compliance including restrictions within the yard, yard service and sitting out.
