

CODE OF CONDUCT

Please find attached the school “Code of Conduct” which is applicable to everyone at our school. Our Code of Conduct outlines that at Kingston Community School everyone has the right to learn, work or access our school in an environment that is safe, caring and respectful.

The Code of Conduct has been discussed in classes during the first few weeks of school to ensure students understand the policy and the expectations surrounding our core values.

The Code of Conduct has been revamped to empower our students and staff to uphold our school values and build a culture of behavioural norms.

Throughout your schooling, discussion of school values and a common understanding about the actions associated with them will be a priority.

The Code of Conduct will be the basis of our student behaviour management work and will be referred to when behaviour does not reflect the code. This will then be part of enrolment for new students.

Could you please discuss the code of conduct with your child, get both you and your child to sign below and return to the Front Office.

This form will remain valid until the code or policy changes.

(Please note that all children in the family sign an individual code of conduct)
